

Brainard Ndege Juma

Cybersecurity · InfoSec Intern Candidate

(945) 209-3373 · brainardndege@gmail.com · Forney, TX · Remote-Ready

PROFILE

Cybersecurity student pursuing a B.S. in Computer Science at UT Arlington, with hands-on penetration testing experience from a structured internship at EncryptEdge Labs. Skilled in vulnerability assessment, incident response, security controls, and network security. Holds the AZ-900 certification. Eager to contribute to threat analysis, GRC, and security awareness initiatives at SitusAMC.

EXPERIENCE

- Jr. Penetration Tester Intern** · *EncryptEdge Labs Limited* Dec 2024 – Feb 2025
- Assisted in security assessments and application testing — performing vulnerability scanning, SQL injection, XSS, and network attack simulations
 - Participated in incident response exercises including threat identification and containment, building familiarity with threat hunting workflows
 - Executed network-level attacks (MITM, traffic sniffing, firewall evasion, wireless pen testing) and conducted post-exploitation enumeration
 - Drafted professional penetration testing reports and contributed to security documentation best practices
 - Delivered a capstone penetration test engagement, identifying and mitigating complex security risks across a simulated environment
 - Researched emerging attack vectors and supported development of security awareness training materials

EDUCATION

B.S. Computer Science · *University of Texas at Arlington* Currently Enrolled

CERTIFICATIONS

Microsoft Azure Fundamentals · AZ-900 Microsoft
Jr. Penetration Tester Certificate EncryptEdge Labs · Feb 2025

SKILLS

Security: Vulnerability Assessment · Penetration Testing · Incident Response · Threat Hunting · GRC Fundamentals · Security Controls · Web App Security · Network Security · Security Documentation
Tools: Kali Linux · Metasploit · Wireshark · Microsoft Azure · Windows OS · Microsoft 365 · TCP/IP · DNS · DHCP
Languages: English (Fluent) · Swahili (Bilingual)
